**Gas Service Pipe**

**Applicable to Service Classification Nos. 1, 2, 4 and 8**

The Company shall install, at its expense, except as otherwise provided in this rider, all service pipe extending from the Company's main located adjacent to the customer's premises. In the case of inside meters, the service pipe extension shall enter the premises not more than five feet beyond either corner of the building wall nearest to said main. The service pipe shall not extend more than ten feet inside the building wall entrance. In the case of outside meters, the inlet connection of the meter shall not be more than five feet beyond either corner of the building wall nearest to said main. In no case shall the service pipe extension exceed sixty feet inside the customer's lot line. If more than one main is located adjacent to the customer's premises, the Company shall select the main that it deems most suitable for the project.

For the purposes of this rider, the "Company's cost" includes, but is not limited to, labor costs, materials costs, transportation costs and overheads.

All service pipe extensions shall further be subject to the following:

1. If the service pipe extends beyond sixty feet inside the customer's lot line, the Company will install such additional length of service pipe if the customer pays the Company's cost of installation.
2. For temporary service, the customer shall pay the Company's cost of installing and removing the entire service pipe and associated gas facilities.
3. If the installation of a special apparatus not regularly provided for in this rate schedule or in 83 Illinois Administrative Code Part 500 is required, the customer shall pay the Company's cost of installing such special apparatus.
4. The customer shall pay the Company's cost for any construction expenses resulting from any abnormal obstruction.
5. The customer shall pay the Company's cost for any change in the Company-specified point of delivery or location of the service pipe, including installations on private property such as private drives, that the customer requests and the Company approves.
6. When replacement or enlargement of service pipe is necessary to furnish satisfactory volume or pressure or in connection with the Company's established rehabilitation practices, the Company shall replace or enlarge, at its expense, all existing service pipe as delineated above, except as provided in 83 Illinois Administrative Code Part 500.
7. When a customer requests that a service pipe, which is to be replaced or enlarged in accordance with Company practice, be relocated or modified in accordance with the customer's preferred design, the customer shall pay the Company's cost of relocation or modification.
