Check here if no existing or proposed private facilities are on the property.

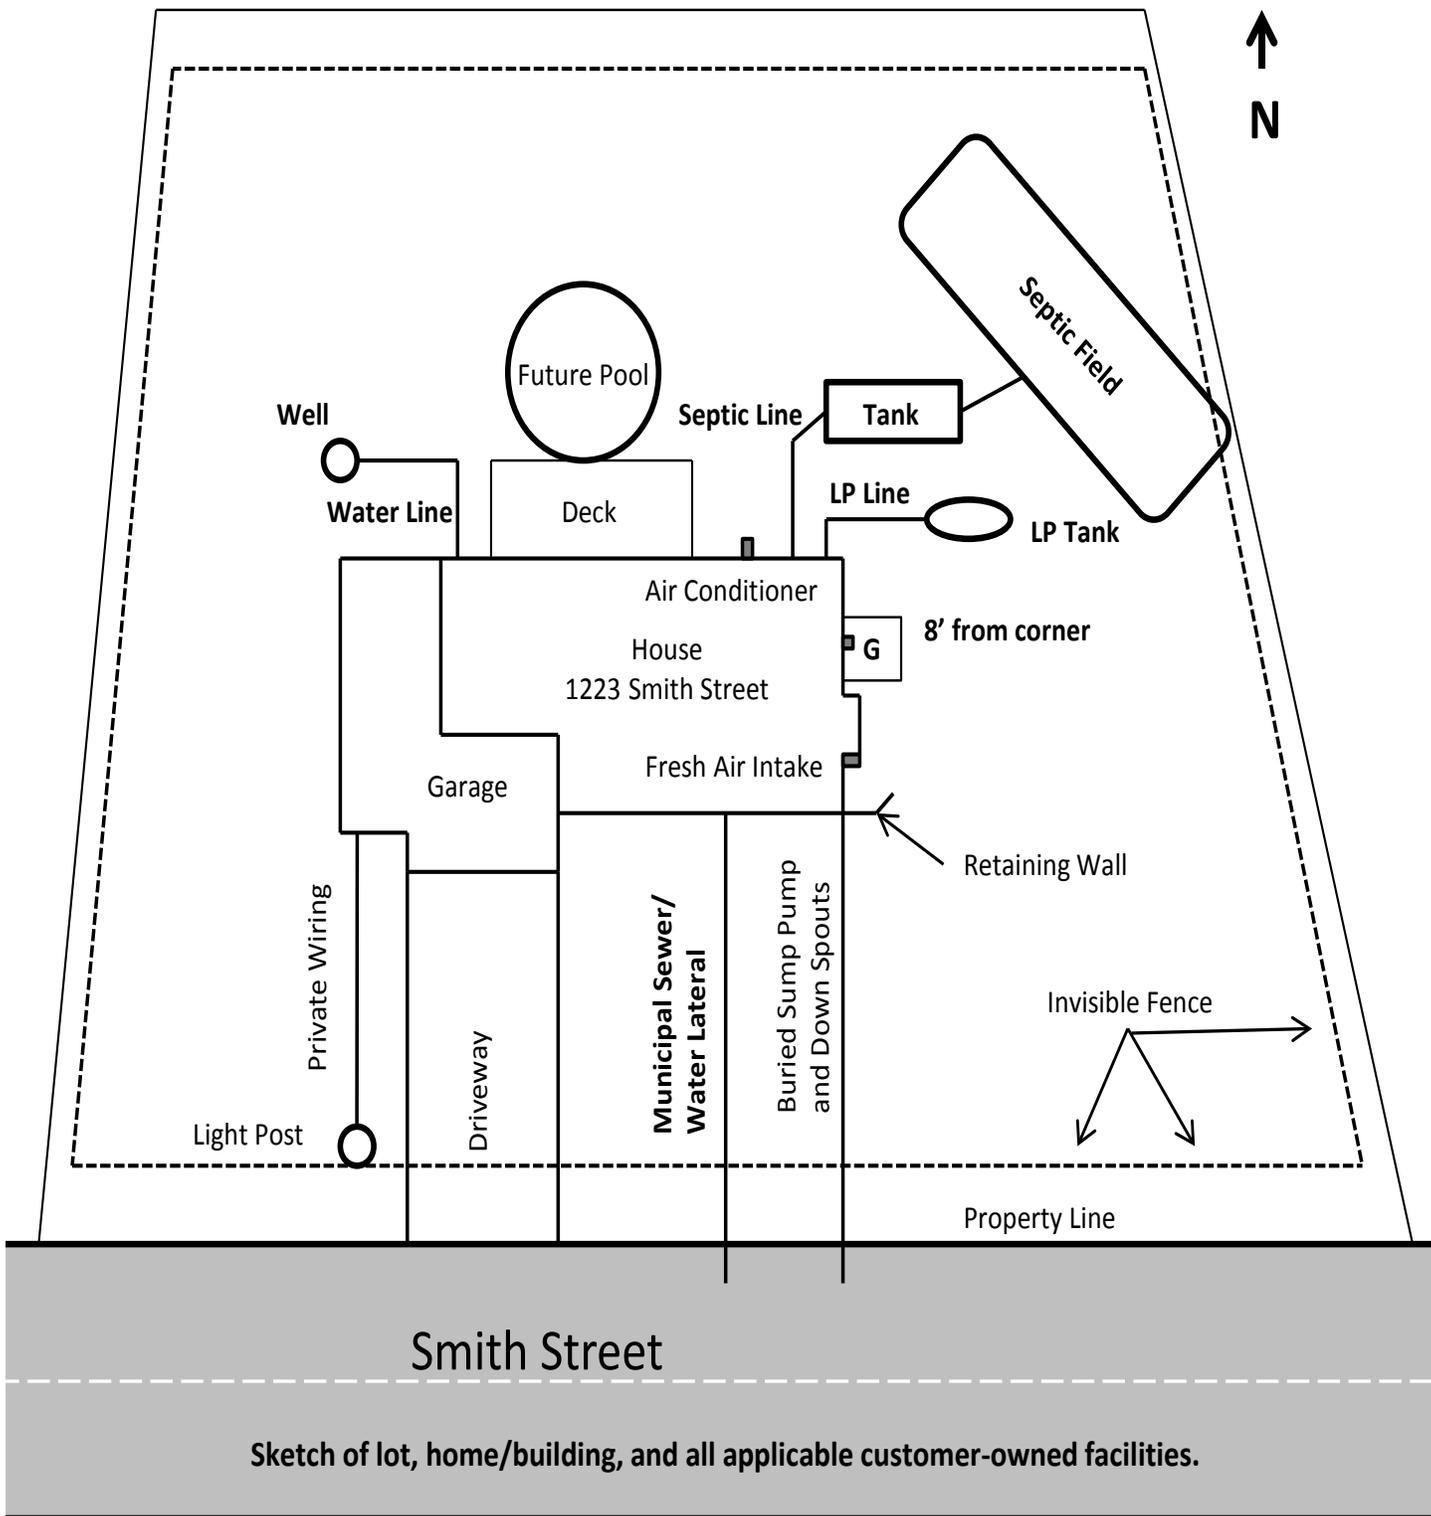

**At the time of construction, all existing or proposed private underground facilities must be marked or exposed before service can be installed.**

**Construction Authorization/Underground Damage Liability Waiver:**

I certify that I own or am an authorized representative of the owner of the property for the service address indicated on this form. I have read and understood the above statement regarding marking and/or exposing all private underground facilities. I furthermore agree to hold Peoples Gas and/or its agents harmless for any damage to private underground facilities that occurs during the installation of natural gas service as a result of failure on my part to ensure that the private underground facilities on this property have been adequately marked and/or exposed.
